

Wolfcut Mark Reader

Wolfcut Mark Reader is a powerful image recognition tool which works together with Eding CNC to allow perfect cutting of any printed job.

Wolfcut Mark Reader works by using the camera attachment of your CNC machine to recognize special Marks on your drawings. The cutting job is then automatically aligned using those Marks.

To use Wolfcut Mark Reader you need the following:

- CNC machine controlled by Eding CNC
- Camera attachment for the CNC machine
- Wolfcut Mark Reader software
